**STARSHINE!**

**SOCIAL STORY**

Hooray! You have scheduled a performance to **Jumping Jack Theater's** production of *Starshine!*

This show is a little different than a performance you may have seen in the past. Instead of going to a theater... **we are coming to you!**

We will bring our Jumping Jack Theater storytelling trailer to your own space! Whether it is in your **driveway, grass, or another local area.** Ask your grown-up where *your* show will be. The show will take place both **outside and inside** of the trailer.

When you come outside, the actor playing the **Starkeeper** and our **Jumping Jack Crew** will be setting up the show.

You are welcome to watch and wait until we let you know we are ready.

Once the show begins, you will be called a **Recruit** and whoever is going along on the journey with you will be called **Passengers**. Together you create a **Crew**!

# Friendly Reminders Before We Begin:

Use the restroom and wash your hands.

Wear your mask. (If you are able.)

You don't have to do anything you are not comfortable doing.

The show will be about 30 minutes long.

We are excited to meet you!

Celeste

# Meet the Starkeepers!

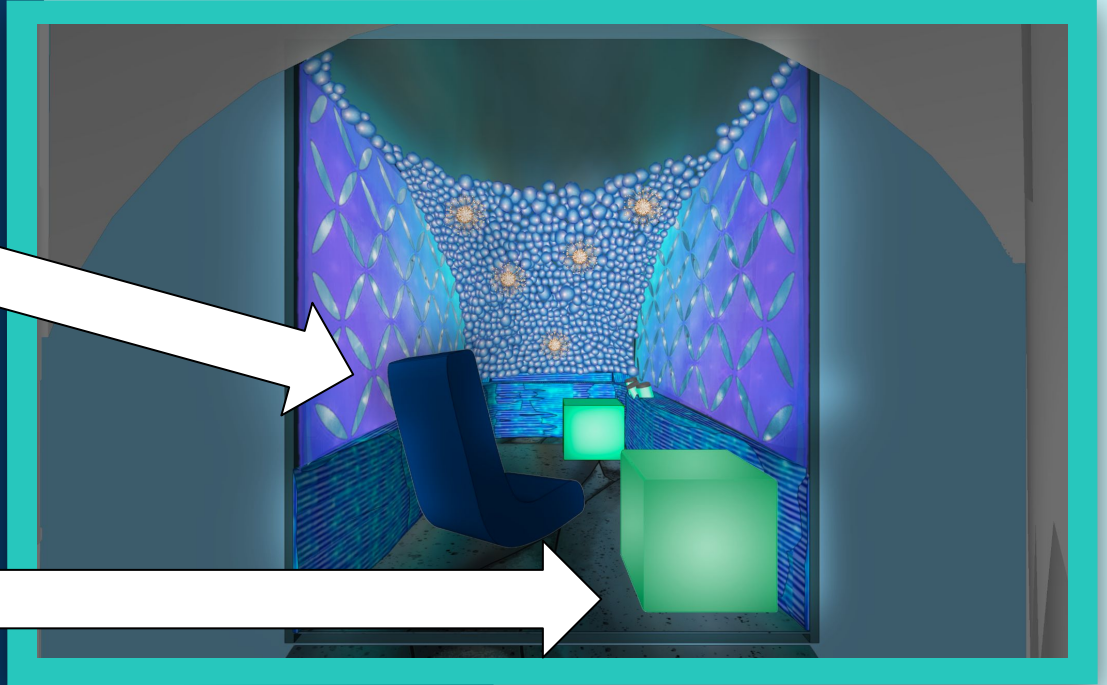

Only one Starkeeper will lead you on your journey to the stars. You may see both Starkeepers at your show, plus other helpers from Jumping Jack Theater.

Leo

You as the **Recruit** will sit in a cozy blue rocking chair.

The **Passengers** and **Starkeeper** will sit on glowing cubes.

Here's what to expect...

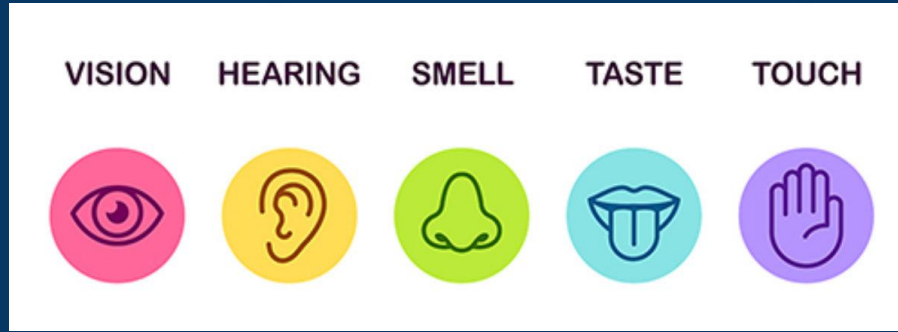

# Here's what to expect...

You will use your five senses throughout the journey and hopefully feel relaxed, excited, and happy along the way.

But it's OK to experience the show however you wish!
